

Oetiker StepLess® Clamp Service Kit

For Maintenance, Repair and Operations.

Quick, Easy and Reliable Connections.

Reliable Connections

Have you ever struggled to find a perfect clamp? Our Oetiker experts did it for you.

In this kit you can find most common sizes of Oetiker Stainless Steel StepLess® Ear Clamps. This design has no steps or gaps on their inner circumference of the clamp, providing uniform compression for a 360° leak-free seal. It is specially well suited to applications involving both flexible and inflexible thin-walled hose/tubing with high “Shore” hardness.

Contents

Item No. 18500060	Clamping range	Amount x Size
